Acknowledgments Special thanks to Dr. Susan Purcell for permission to reprint her article from Home Enthusiast, November/December 2009. My thanks to Lee Huggins of Painless Electrical for permission to reprint "Power Outage!" from The Freedom Way, No. 13, 2005. I owe a debt of gratitude to Dr. Thomas E. Tomitz, my dear friend, for his careful review and many fine suggestions. # Preface Racquetball is an activity enjoyed by many and has a history that goes back to 1887, when it was introduced as a sport at the Exposition Universelle in France. As the sport has matured, it has become more complicated as has the equipment, and interest has increased. I have been involved with racquetball for over 30 years. In that time I have seen equipment made from wood, metal, and plastic. Over the years I have observed that manufacturers have occasionally made changes in the design of racquets and in the equipment that is used
