### **What's New in the?**

Microsoft Exchange Tasks 365 is a component of Microsoft Office 365 that provides access to tasks from Outlook 365. With the Task management and task view, you can view, edit and modify your tasks from Outlook 365. In addition, Tasks 365 offers workflow features that allow you to specify tasks in a structured process or flow, with options to provide sub-processes or automated workflow tasks. For more information, refer to the Exchange Tasks 365 product page. Installation: Installing the Exchange Tasks 365 is the same process as installing any component of the Office 365, where you go to the Office 365 Admin Center and select the Exchange Tasks 365 and click install. The installer starts the process and it is completed by the end of the installation. In the process, there is a pre-requisite check that will be displayed with a warning message stating the prerequisite is not installed. In this case you have to install the Exchange Tasks 365 and it will be displayed a message which says the

---

prerequisite has been installed successfully. How to use the Exchange Tasks 365: You can install the Exchange Tasks 365 either from the Exchange Admin Center or the Exchange Control Panel. By default, the Exchange Tasks 365 is installed with the default tenant. If you want to install it for a specific tenant, first you have to go to the Exchange Admin Center and select the tenant. Then, you have to select Tasks from the Office 365 Admin Centers and then click Install Exchange Tasks 365. After the installation, the Exchange Tasks 365 is installed and you can use it from Outlook 365. I have used the Exchange Tasks 365 and you will know how it works by installing it and then using it. Verification that the Exchange Tasks 365 is installed properly: The Exchange Tasks 365 is installed properly and it is ready to use after the installation. You can verify if the Exchange Tasks 365 is installed correctly or not, by going to the following URLs. The Exchange Tasks 365 has already been installed by default. If you have a test tenant and if the Exchange Tasks 365 is not displayed in the Exchange Admin Center, then you can install it from the Exchange Control Panel. Open the Exchange Control Panel and then select Tasks from the Office 365 Admin Centers and click Install Exchange Tasks 365. After the installation, the Exchange Tasks 365 is installed and the check mark will be shown in the Exchange Admin Center. How to use the Exchange Tasks 365 You can access the Exchange Tasks 365 from either the Exchange Admin Center or the Exchange Control Panel. In order to access the Exchange Tasks 365, you can visit one of the following URLs:
