Why not try wearing a monocle. A survey has identified the top 10 monocle stores in the world, from the USA to the UK to Thailand. In fact, for the past three years, the top-selling designer monocle brand in the UK, the Relikt Monocle, has been a Chinese manufacturer. The rankings were produced by Bureau Veritas. They determined the safest monocle brands, by looking at the quality of the products, using the 'good manufacturing process' as a yardstick. There are many different styles of monocle, from the classic and ultra-lightweight to the more spectacular and extravagant. The Bureau Veritas survey is based on up to 12,000 different products in 40 different markets. They are broken down into groups, each with their own characteristics and benefits. Here are the top 10 monocle stores in the world. 1. Relikt Monocle This Chinese brand is the most popular. It produces a perfect balance of weight, comfort and style. It carries a price tag of just £25.59 on The Luxury Goods Shop. 2. Reventon Monocle Made in Italy, the Reventon is easy on the eye. It is designed to reduce the pressure, smooth the skin and offer superior protection. Its 23 grams are equipped with an excellent combination of comfort and style. It is from the small L-series collection. 3. ARX This Austrian brand is fairly new to the world of monocles but its innovation, quality and creativity makes it a top choice. It is a high-performance monocle, made of stainless steel, bioceramic, quartz and titanium. 4. Copestone This is a top class Greek brand that is creating some of the world's most luxurious monocles. The Copestone slides are the most comfortable pair of monocles on the

market. They are stylish and practical. 5. Luxor This brand from the USA

GTA 6 is still in the pre-production phase and development is taking longer than expected. So why is it taking so long? According to Nikkei, one reason is that Rockstar's Chief Creative Officer, Dan Houser, doesn't want to kill off the main character. In an interview with the Japanese Nikkei, Nikkei24, Houser says that while he's interested in doing a "different" story with online multiplayer (GTA Online and Red Dead Redemption 2 are Rockstar's current online games), killing off the main character isn't an option. "Speaking of Grand Theft Auto online, we are interested in 'different' storylines that emphasize new characters. But there is no way I can put in a character who does not have more than 10 or 15 years to live. You can't kill off the protagonist, and for GTA Online, creating the character that the gamers play as is also a huge task. " You can read the full interview over at Nikkei24.
