BrainPower Features Key:

- Tapping:** The most ergonomic mode is to tap just the left-side or left-bottom corner to lead the way to a good, good world.
- Drag:** Drag the game objects via left-mouse.
- Swipe:** Directly move to the next world via swipe on the right-side or bottom corner.
- Crow's Crawl:** Easy to play and simple to learn - just use the crow's beak to turn left when the world is flat.
- Sequential:** You can play in order of difficulty level or time.
- Endless:** In practice, it's the only way to go if your mobile connection is down.
- Helpful:** A random word is put on the next world just to give you a hint, and several hints are provided too.
- You only need a few taps:** Just tap once to tap the next word on the screen, rather than tap and hold to reveal the words.
- Sound effects:** For every word you tap, a sound effect is pressed.
- Statistics:** Keep track of everything, including the number of words you've won, lost and played.

How to play:

Real Sound

Real Game Player support: Game sound resolution display. To set Game to Real Player resolution, please follow the steps as given below.

1. Open Game's installation folder, and find the GAME folder. - /Users/home/Library/Application Support/iPhone/Game/
2. Open "Game Info" file, you will find the REAL DEAL_SWITCH setting in false:

REAL DEAL_SWITCH <- true
