Download

The world's #1 game creation platform lets anyone build immersive multi-player game experiences. Game developers and players collaborate with intuitive game-building tools, massive game libraries, and a growing community. Roblox is an online game platform and game creation system developed by Roblox Corporation that allows users to program games and play games created by other users. Created by David Baszucki and Erik Cassel in 2004 and released in 2006, the platform hosts user-created games of multiple genres coded in the programming language Lua. For most of Roblox's history, it was relatively small, both as a platform and a company. Roblox began to grow rapidly in the second half of the 2010s, and this growth has been accelerated by the COVID-19 pandemic. Roblox is free to play, with in-game purchases available through a virtual currency called Robux. As of August 2020, Roblox had over 164 million monthly active users, including more than half of all American children under 16. Although Roblox has received generally positive reviews from critics, it has faced criticism for its moderation, microtransactions, and exploitative practices directed toward children. Roblox recently partnered with virtual-reality manufacturer HTC in a $50 million investment in Roblox. Roblox Corporation is owned by SV Angel. PLEASE NOTE: THIS IS A FREE TO USE GAME DESIGNER NOT A FULL TIME PRODUCT. There is NO PART-TIME or SMALL PRINT VERSION for this 3D Build-A-Roblox for iPhone/iPod/iPad. -SAVE YOUR TIME -SAVE YOUR MONEY -SAVE YOUR BUSINESS So, you want to design the next Facebook, Youtube or Instagram?
