This is a style of book that has been used for a variety of examinations. It is important to note that the knowledge required to perform this music is also very important as well. There are many more technical requirements as well. Since this is a transcription, there are no scales, arpeggios or broken chords. In fact, there are only two pieces of original music with the following: The Origins of the Duet and Two from the Masterworks. This is a practical book that will help as a study tool, and if you opt to do the passing of the grade examination, will also help you with the question set. Since the written grade exam is purely theoretical, it leaves little room for rehearsals. At Trinity each year, teachers need to read through and mark three pieces of work from one of the three grade books, along with a Trinity piece (either a piece from their own repertoire, or one from the teachers book). These pieces are set in the examiners diaries. The examiners are marked by the teachers from the committee, who then mark the teachers work. This marks the start of the post-passing year. The marks are then used to create a Grade 1, Grade 2, and Grade 3 profile. All are automatically copied to the relevant ATC or Trinity products. Students have two cycles to go through the piece set. Unfortunately, due to the amount of content and the fact that there is only one piece for every grade, there is no opportunity for creative or in depth practise. If you are looking for piano or musical knowledge, you will find it in the third grade book. I'm pleased to announce that in late 2018, I recorded a new, 30-minute piano solo album. This contains all the pieces which make up the Trinity Piano Grade 1 exam. This includes the first movement of the Beethoven piano sonata, Grand Duo from Russian Suite and Prelude, Bach's 'Gavotte in G minor' from Prelude, No.1 in A from Bach's Goldberg Variations, the first movement of Chopin's Rhapsody op. 52 no. 2, the final movement of the Beethoven Triple Concerto and a selection of works from the new standards work, including Walton's 'Fantasia on a Theme by Thomas Tallis' and a Mozart Fantasia and trio. It includes a short, catchy orchestral arrangement of the music by Thomas Tallis and the Folk Song 'Cow' by my American Composer pal, Michael J. Ferster. The album is arranged for piano, guitar and harmonium and can be heard on Amazon .
