farmville is the first game to extend the harvest moon formula to a social experience, since most prior games only allowed you to build your farm for your own enjoyment. the player is able to sell crops to other players in the game or trade items with them. the game also includes several improvements over previous games in the series such as a new character that can be hired, new methods of farming, an increase in the population of ranch animals, which will eventually result in new events and new fields, and is the first harvest moon game in the series to introduce "combos" by

using certain animals and crops on the farm. originally released exclusively on the playstation in japan in 1999 and in north america in november 2000, the game was later ported to the playstation network in march 2011 for the playstation portable system. harvest moon: back to nature gallery us jp developer victor interactive software (playstation) publisher natsume released playstation december 16, 1999 november 20, 2000 january 26, 2001playstation store february 8, 2011 modes single player ratings e (everyone) platforms playstation genre simulation media playstation cd harvest moon: back to nature (bokuj monogatari ~hbesuto mn~, lit. ranch story ~harvest moon~) was the first title of the harvest moon series to be released on the playstation. the game is rated e by the esrb, and is further rated as depicting use of alcohol. it was released on december 16, 1999, in japan, on
