This is one of the best movie based on Action, Horror, Sci-Fi. Survivors of the Raccoon City catastrophe travel across the Nevada desert, hoping to make it to Alaska. Alice joins the caravan and their fight against the evil Umbrella Corp. And finally, three years later, the fourth movie in the series is ready for you to enjoy. All the action, horror and suspense that was present in the original, Resident Evil: Extinction features Claire Redfield (Milla Jovovich). She leads a small group of mercenaries and survivors against hordes of the T-virus-infected beasts. Meanwhile, Dr. Isaacs (Kiefer Sutherland) is still looking for Alice to perform his secret experiments. This time, he has to cope with a whole new line-up of monsters, which makes the fight much more complicated. What Alice needs is a better weapon. She needs the power of the Umbrella Bio-weapon ARKs in order to help her group fight against these terrifying creatures. A big part of the action is also taken in Las Vegas, the city that was supposed to be saved, but is now just the epicenter of devastation.
